

# S.T.E.A.M. SCALE EVENT CLASSIFICATION

The Farm Collector Show Directory is going to again utilize a scale this year to classify your event based on the criteria listed below. This new 5-digit scale will be included next to your event in the 2022 directory, as a guide for attendees.

Please classify your event based on the new **S.T.E.A.M.** scale:

**S** – How many full-size **Steam engines** will be running at your event? (*circle one*)

0 (None)      1 (1-5)      2 (5-10)      3 (10-20)      4 (More than 20)

**T** – How many Antique **Tractors** and Stationary Internal Combustion Engines will be at your event? (*circle one*)

**E** – Will there be any **Entertainment** at your event? Please circle the number of performances, bands, dancing groups, comedians, etc. (*circle one*)

**A** – Please select the number of **Activities**, demonstrations, or stationary exhibits at your event. Note: An activity that is repeated several times during the event is considered 1 activity (i.e.: if wheat is threshed twice a day for 3 days, that is considered 1 activity. A sawmill running several times a day is considered 1 activity. A restored antique building open all day is considered 1 activity. A display of a collection of antiques for people to see is considered 1 activity, etc.) (*circle one*)

0 (None)      1 (1-5)      2 (5-10)      3 (10-15)      4 (more than 15)
